July 17, 2026

Season's Greetings!

Enclosed you will find our 2026 Christmas price list and order form. These items are also available online at our website www.centralwisconsinevergreens.com on the Christmas page. The password is cwetree.

It's amazing that we are already half-way through 2026! We have gone through some changes without Dean at the helm in operations. We have had a re-organization in staffing within the company, and we are excited and proud to announce that Katie and Jon Podgorski have taken over the Operations and Shop Management positions! They have made such a positive difference so far. Things are looking brighter for the future of the company and our trees!

Out in the fields, our H-2a workers are learning and working equipment and becoming a well-organized team. We had a great spring dig and moved over to planting with no hiccups. Now over the summer the field maintenance is right on track and our tree numbers for upcoming harvests are growing.

This year spring and summer have thrown everything you can imagine at us! Rain, hail, high winds, dangerous temperatures, even smoke from wildfires in Minnesota and Canada. Our tree inventory continues to increase, and we are sure this trend will continue. As always, our mission is to supply our current customers with the trees they need to our fullest capability. So, we are asking you to place your orders with us by 8/21/2026. We will be going through the trees, tagging and counting, and will be able to confirm what we have available by 9/11/2026.

We are always working to make CWE more efficient, and to offer more high quality trees to our customers. Over the last few years, we have been diligently improving, and we can finally share the fruits of our hard work! This year the prices have decreased. Please be sure to look over the price list well, as we have also changed our tree line up. We are no longer offering the Noble Fir but have added Scotch Pines. Also new this year, we are no longer offering the 5% Pay within Terms discount. We are still asking for the 15% deposit so please get your orders in early so we can supply you with an invoice to pay the deposit.

Please feel free to call, or email us your order form, and we will send you a tentative sales order while we go over the trees available.

Thank you,

Joshua Koehler
